Dear BRNET Members and Friends of BRNET:

Thank you for being a part of the Bullying Research Network! Below you will find updates from our network. Be sure to check our website at http://brnet.unl.edu for more information as well.

2014 BRNET Think Tank

We had a very successful 4th annual BRNET Think Tank that was held at the University of British Columbia on June 24th and June 25th and co-sponsored by PREVNet. We’re thankful for the opportunities to discuss research initiatives in bullying prevention and intervention, to make plans for future research activities, and to continue our work in translational research. Notes from the Think Tank can be found here: http://cehs15.unl.edu/cms/index.php?s=2&p=719
2014 APA Convention

BRNET had a great presence at the 2014 American Psychological Association Convention in Washington, DC in early August! Congratulations on a job well done, to all of the presenters:

Drs. Jamilia Blake, Marc Brackett, Catherine Bradshaw, Marla Brassard, Elise Cappella, Noel Card, Juan Casas, Dorothy Espelage, Thomas Farmer, David Finkelhor, Michael Furlong, James Garbarino, Jennifer Green, Melissa Holt, Arthur Horne, Paul LeBuffe, Susan Limber, Christine Malecki, Rosario Ortega, Paul Poteat, Ian Rivers, Chad Rose, Barry Schneider, Russel Skiba, Susan Swearer, Stuart Twemlow, and Cixin Wang.

Researcher Spotlight – Drs. Laura M. Crothers and Jered B. Kolbert

Laura M. Crothers, D.Ed., is a Professor of School Psychology in the Department of Counseling, Psychology, and Special Education at Duquesne University, Pittsburgh, Pennsylvania. She received her D.Ed. in School Psychology in 2001, her Ed.S. in School Psychology in 1997, and her M.Ed. in Educational Psychology in 1995 from Indiana University of Pennsylvania, Indiana, Pennsylvania. She received her B.A. in Psychology from Grove City College, Grove City, Pennsylvania, in 1994. Dr. Crothers has been named a national expert in childhood bullying by the National Association of School Psychologists, and serves on several journal editorial boards. Dr. Crothers is the author of over fifty peer-reviewed manuscripts, monographs, and book chapters, five books, and has conducted presentations regionally and nationally.

Jered B. Kolbert, Ph.D., LPC, is a Professor in the Department of Counseling, Psychology, and Special Education at Duquesne University. Dr. Kolbert is a certified school counselor and Licensed Professional Counselor (LPC) in Pennsylvania, and he is a National Certified Counselor (NCC). Dr. Kolbert teaches graduate level courses in counseling, including family counseling, counseling and developmental theories, research, school counseling fieldwork courses, and a professional orientation course for school counselors. He has also taught at The College of William and Mary in Virginia, Virginia Commonwealth University, and Slippery Rock University of Pennsylvania. Dr. Kolbert obtained his doctorate in counseling from The College of William and Mary, Williamsburg, Virginia. He has worked as a school counselor, marriage and family counselor, and substance abuse counselor. Dr. Kolbert has authored publications in nationally refereed journals on a variety of topics, including bullying, relational aggression, gender identity, and moral development.

Drs. Crothers and Kolbert have been conducting two new research projects regarding bullying. The first is an examination of the cognitive correlates of relational and social aggression. In a previous study, Crothers, Kolbert, Kanyongo, Field, and Schmitt (2014) used a convenience sample of college students to ascertain the relation between deep and elaborative processing and relational and social aggression. In summary, higher levels of social and relational aggression were related to higher levels of deep and elaborative processing. Because there are no published studies that investigate the relationship between elements of cognition that can be measured through an individually-administered standardized assessment of intelligence and the use of relational and social aggression, Crothers and Kolbert are currently investigating the linkages between these constructs in a sample of urban, late adolescent college students.

The second research study is a measurement of the effects of bullying perpetrated against the gay, lesbian, bisexual, transgender, and questioning (LGBTQ) adolescent student population in southwestern Pennsylvania. While Pennsylvania public schools are legally required to have anti-bullying policies, the
The purpose of this investigation is to attempt to gauge the perceived effectiveness of these policies by surveying LGBTQ youth, their parents, and middle school and high school teachers in southwestern Pennsylvania.

A future project is the completion of a book regarding forms of indirect aggression in adulthood.

**BRNET New Members!**

BRNET has a current total of 156 members! One new member has joined this past month. Welcome to BRNET, Dr. Anthony Peguero! Please see below for his brief biography.

Dr. Anthony A. Peguero is an associate professor of Sociology and research affiliate of the Center for Peace Studies and Violence Prevention at Virginia Tech. His research interests involve youth violence, socialization and marginalization, schools, and the adaptation of the children immigrants. He serves as a consultant on the Cartoon Network’s campaign against bullying, co-editor of Sociology Compass, Crime and Deviance Section, and the editorial board for the journal of Youth Violence and Juvenile Justice, Sociology of Race and Ethnicity, and Journal of Criminal Justice. He is also a National Institute Justice W.E.B. Du Bois Fellow, 2014 Academy of Criminal Justice Sciences Tory J. Caeti Outstanding Young Scholar Award Winner, 2013 American Society of Criminology Coramae Richey Mann Award Winner, and member of the Racial Democracy, Crime, and Justice Network which holds the dual goals of advancing research on the intersection of race, crime and justice and of promoting racial democracy within the study of these issues by supporting junior scholars from under-represented groups.

- Please send recommendations for potential BRNET members (i.e., faculty, researchers, and clinicians who are conducting research on bullying or related topics) to Dr. Shelley Hymel, Dr. Susan Swearer, or to bullyresearchnet@gmail.com.

*If you have recently joined BRNET and have not yet provided your information, please send the following to bullyresearchnet@gmail.com.*

1) contact information that can be posted on the website,
2) a brief biography of you and your work,
3) a list of current/ongoing projects in this area,
4) an annotated bibliography of your work in this area (i.e., full reference plus a few sentences about the work), and,
5) relevant web-based links you would like to share.

BRNET Member Grant/Funding Announcements

Receipt of funding facilitates the BRNET mission to conduct interdisciplinary research related to bullying and aggression, with particular attention being paid to the link between basic and applied research. Thus, the BRNET directors are excited to offer members a new opportunity to share grants (and other sources of funding) they have received for their research projects.

Funding varies across countries and is not limited to federal grants. If you are interested in sharing your grants or funding with other BRNET members, please send an abstract of the research funding along with the funding source to bullyresearchnet@gmail.com and we will post the information on our website.

New Publications on Social Networks and Bullying and Request for Related Manuscripts

Please find below citations for two new papers on social networks and bullying:

Sentse, M., Kiuru, N., Veenstra, R., & Salmivalli, C. (2014). A social network approach to the interplay between adolescents’ bullying and likeability over time. Journal of Youth and Adolescence, DOI: 10.1007/s10964-014-0129-4. *This study shows that both selection and influence processes are relevant for studying changes in adolescents’ bullying and network relationships.*

If you have related manuscripts (in press or submitted), please let us know. We would be glad to receive them.

Best wishes,

René Veenstra, Gijs Huitsing, and Miranda Sentse

(2) PREVENTION SECTION 2014 AWARDS – CALL FOR SUBMISSIONS

Consider nominating someone you know or yourself for one of our Prevention Section Leadership Awards. The American Psychological Association Division 17 Prevention Section Awards Committee calls for nominations for awards for excellence in prevention work. The Section offers the following awards.

Life Time Achievement Award in Prevention

For counseling psychologists who have engaged in more than ten years of prevention activities, including theory building, research, practice, training, and/or leadership. Please submit a statement of no longer than two pages describing the prospective candidate’s qualifications and contributions, along with a copy of the candidate’s curriculum vita, by September 15, 2014. It is preferred that nomination information be submitted in Microsoft Word format as an email attachment. Submissions should be sent to Dorothy L.
Espelage, Ph.D., Prevention Section Chair, espelage@illinois.edu and dlespelage@gmail.com. Self-nominations are encouraged. Membership in the Prevention Section is strongly preferred.

**Research Award**

The Prevention Section is able to provide limited grant support (up to $300) for researchers (students or professionals) conducting studies on prevention. Please submit a two page research proposal describing the purpose of the study, research design and budget, a copy of the principle investigator’s vita and a plan for disseminating their research with the Prevention Section through Prevention Section publication to Dorothy L. Espelage, Ph.D., Prevention Section Chair, espelage@illinois.edu and dlespelage@gmail.com. Please submit materials by September 15, 2014.
