ASHA Certification Requirements Check Sheet

Student's Name: _____ Email Address _____

NOTE: Use this form to track your progress through the program. It must be attached to your request to graduate with the AuD. While the minimum hours required to be certified by ASHA is 75, the total hours in the program is more. Your actual total hours will vary depending on the courses taken.

1. Basic Science course work. Students must show transcript credit in each of the following areas:

- A. Life Sciences (e.g. human anatomy, physiology, neuroanatomy, neurophysiology, genetics)
- B. Physical sciences (e.g. physics, inorganic/organic chemistry)
- C. Behavioral and/or social sciences (e.g. psychology, sociology, anthropology)
- D. Mathematics (e.g. any non-remedial math course)

NOTE: Science courses in audiology major curriculum may not be counted toward this requirement.

NOTE: In most cases students graduating from UNL will have fulfilled the basic science requirement during the process of satisfying General University Requirements. Students from undergraduate programs at other institutions must evaluate their transcripts carefully to determine compliance with this requirement.

Comments:

2. Audiology course work (minimum: 75 GRADUATE credit hrs.)
