

RECENT PUBLICATIONS

Beukelman, D., Childes, J., Carrell, T., Funk, T., Ball, L., & Pattee, G. (2011). Perceived attention allocation of listeners who transcribe the speech of speakers with ALS. *Speech Communication*, 53, 801-806.

Beukelman, D., Fager, S., & Nordness, A. (2011). Communication support for people with ALS. *Neurology Research International*, 2011, Article ID 714693, 6 pages.

Beukelman, D., & Ray, P. (2011). Communication supports in pediatric rehabilitation. *Journal of Pediatric Rehabilitation Medicine: An interdisciplinary approach*, 3, 279-288.

Beukelman, D., Nordness, A., & Yorkston, K. (2011). Dysarthria and traumatic brain injury. In K. Hux (Ed.), *Assisting survivors of traumatic brain injury* (2nd ed.; pp.185-226). Austin, TX: Pro-ed.

Ball, L., Fager, S., Nordness, A., Kersch, K., Mohr, B., Pattee, G., & Beukelman, D. (2010). Eye-gaze access of AAC technology for persons with amyotrophic lateral sclerosis. *Journal Medical Speech Language Pathology*, 18, 11-23.

McNaughton, D., & Beukelman, D. (Eds.). (2010). *Transition strategies for adolescents and young adults who use AAC*. Baltimore, MD: Paul H. Brookes Publishing Co.

Yorkston, K., Beukelman, D., Strand, E., & Hakel, M. (2010). *Clinical management of speakers with motor speech disorders* (3rd ed.). Austin, TX: Proed.

Nordness, A., Beukelman, D., & Ullman, C. (2010). Impact of alphabet supplementation on speech and pause durations of dysarthric speakers with traumatic brain injury. *Journal of Medical Speech Language Pathology*, 18, 35-43.

Nordness, A., Ball, L., Fager, S., Beukelman, D., & Pattee, G. (2010). Late AAC assessment for individuals with amyotrophic lateral sclerosis. *Journal of Medical Speech Language Pathology*, 18, 48-54.

Fager, S., Beukelman, D., Jakobs, T., & Hossum, J. P. (2010). Evaluation of a speech recognition prototype for speakers with moderate and severe dysarthria: A preliminary report. *Augmentative and Alternative Communication*, 26, 267-277.

Wallace, S., Hux, K., & Beukelman, D. R. (2010). Navigation of a dynamic screen AAC interface by survivors of severe traumatic brain injury. *Augmentative and Alternative Communication*, 26, 242-254.

Hanson, E., Beukelman, D., Heidemann, J., & Shutts, E. (2010). Impact of alphabet supplementation and word prediction on sentence intelligibility of electronically distorted speech. *Speech Communication*, 52, 99-105.

Quach, W., & Beukelman, D. (2010). Facilitating children's learning of augmentative and alternative communication systems. *Augmentative and Alternative Communication*, 26, 1-11.

Nordness, A., & Beukelman, D. (2010). Speech practice patterns of children with speech sound disorders: The impact of parental record keeping and computerled practice. *Journal of Medical Speech Language Pathology*, 18, 104-108.

McKelvey, M., Hux, K., Dietz, A., & Beukelman, D. (2010). Impact of personal relevance and contextualization on comprehension by people with chronic aphasia. *American Journal of Speech Language Pathology*, 19, 22-33.

Higginbotham, J., Beukelman, D., Caves, K., & Jakobs, T. (2009). AAC technology transfer: An AAC-RERC report. *Augmentative and Alternative Communication*, 25, 1-9.

Dietz, A., Hux, K., & Beukelman, D. (2009). Reading comprehension by people with chronic aphasia: A comparison of three levels of visuographic contextual support. *Aphasiology*, 23, 1053-1064.

Beukelman, D., Ball, L., & Fager, S. (2008). A personnel framework for adults with acquired complex communication needs. *Augmentative and Alternative Communication*, 24, 255-267.

Beukelman, D., & Mirenda, P. (2008). *Augmentative communication: Supporting children and adults with complex communication needs (Korean Edition)*. Seoul, Korea: Hakjisa Publisher.

Hakel, M., Beukelman, D., Perez, L., Lavin, P., & Kavan, P. (2008). Madonna Expiratory Respiratory Trainer (MERT) A self-practice device for improving the control of alveolar pressure: Technical report. *Journal of Medical Speech Language Pathology*, 16, 221-224.

Ball, L., D., Anderson, E., Bilyeu, D., Pattee, G., Beukelman, D., & Robertson, J. (2007). Duration of AAC technology use by persons with ALS. *Journal of Medical Speech Language Pathology*, 15, 371-381.

McKelvey, M., Dietz, A., Hux, K., Weissling, K., & Beukelman, D. (2007). Performance of a person with chronic aphasia using personal and contextual pictures in a visual scene display prototype. *Journal of Medical Speech Language Pathology*, 15, 305-317.

Beukelman, D., Fager, S., Ball, L., & Dietz, A. (2007). AAC for adults with acquired neurological conditions: A review *Augmentative and Alternative Communication*, 23, 230-242.

Yorkston, K., Hakel, M., Beukelman, D., & Fager, S. (2007). Evidence for effectiveness of treatment of loudness, rate, or prosody in dysarthria: A systematic review. *Journal of Medical Speech Language Pathology*, 12, xi – xxxvi.

Beukelman, D., & Wallace, S. (2007). Preparing pre-professional students in evidence influenced decision-making. *Perspectives on Augmentative and Alternative Communication*.16, 20-23.

Beukelman, D., Yorkston, K., & Garrett, K. (2007). An introduction for adults with chronic medical conditions. In D. Beukelman, K. Garrett, & K. Yorkston (Eds.), *Augmentative communication strategies for adults with acute or chronic medical conditions* (pp. 1-16). Baltimore, MD: Paul H. Brookes Publishing Co.

Beukelman, D., Garrett, K., & Yorkston, K. (Eds.). (2007). *Augmentative communication strategies for adults with acute or chronic medical conditions*. Baltimore, MD: Paul H. Brookes.
