

School Psychology Assessment Clinic

The *School Psychology Assessment Clinic* conducts independent evaluations of intellectual ability and/or achievement skills. Typical assessments are conducted for gifted qualification; specific learning disabilities in reading, writing, or mathematics; and mental retardation or mental handicap. Upon completion of all assessments, a final session is scheduled to review testing results, to discuss implications or possible verification, and to provide specific recommendations to address identified needs. In addition, a comprehensive report is provided to the family or adult student.

This clinic operates based on therapist availability. Most family schedules can be accommodated. This clinic is open all 12 months.

Faculty Supervisor: Dr. Merilee McCurdy, Licensed Psychologist

Fees: This clinic operates on a fee system based on type of assessment requested.

Gifted Abilities:	\$200
Specific Learning Disability:	\$350
Mental Handicap:	\$200

Contact the Clinic Secretary (402-472-5191) for more information or to schedule an appointment.
