Which of the following areas of study fit your interests? Please indicate your first, second and third choices, if applicable. You may have identified a primary area of study only. If so, simply indicate your 1st choice. You do not need to complete a second and third choice if your interest exclusively falls within one category. You may also have an interest in supporting areas outside of Family and Consumer Sciences. You may indicate this/these supporting areas below. Your responses will allow us to best fit your interests with faculty expertise within our department.

My interests	1 st Choice	2 nd Choice	3 rd Choice
Child Development			
Early Childhood Education			
Family Science			
Family & Consumer Science Education			
Marriage and Family Therapy			
Youth Development			

If you have Identified additional supporting areas outside of Family and Consumer Sciences that would help meet your intended professional objectives, please indicate: _____
