University of Nebraska-Lincoln

Educational Specialist in School Psychology

Expected: May 2025

Bachelor of Arts in Psychology

May 2022

Major: Psychology

Cumulative GPA 3.678

Minors: Educational Psychology & Child, Youth, and Family Studies

Research Experience

Youth Wellness and Resilience Lab, University of Nebraska-Lincoln

Lincoln, NE

PI: Beth Doll, Ph.D.

Fall 2022-Present

Lab objective: The purpose of the Youth Wellness and Resilience Lab is to improve the mental health and resilience of children within their classroom environments.

Family Development Lab, University of Nebraska-Lincoln

Lincoln, NE

Undergraduate Research Assistant

Spring 2020-Summer 2022

PI: Rebecca Brock, Ph.D.

Lab objective: Investigate the development of psychopathology (e.g., mood and anxiety disorders, substance use disorders, eating disorders) across the lifespan with a focus on the family context and its etiological significance.

- Administered and coded semi-structured clinical interviews assessing domains of the intimate relationship (i.e., trust and closeness, sexual relationship, partner support)
- Ran appointments for parents of children 3.5 and 5.5 years of age
- Entered data of coded clinical relationship interviews and couple's self-reported responses
- Transcribed and coded responses related to objectification experiences and the impact of COVID-19 on relationships
- Checked references for accurate APA formatting
- Organized supplies and files prior to each in-person appointment
