Administrative Certification/Endorsement for states other than Nebraska

The Department of Educational Administration provides approved programs that satisfy the requirements for a Nebraska Administrative and Supervisory Certificate, at either the standard or professional level, with administrative endorsements that will qualify individuals for employment as administrators in Nebraska pK-12 schools and districts. It is the responsibility of out-of-state applicants to identify whether or not the programs offered by EDAD meet the requirements of their respective state and identify any additional deficiencies that would be required prior to that state issuing an administrative certificate or endorsement.

Criminal History/Background Checks

All students pursuing pK-12 administrative certification/endorsement will be admitted contingent on the successful completion of a criminal history/background check prior to enrolling in courses leading to the certification/endorsement. Note that a payment fee is required and will be explained to the student after being admitted.
