HOW TO USE ZOOM FOR TELEThERAPY

Infographic created by Brynley Klein
Using an **IMAGE** as a Background

**Step 1:**
Open your Zoom Account and Login to Join or Start a Meeting

**Step 2:**
On the **options bar** (at the bottom of the window) there is an icon that looks like a video recorder. **Click** on the arrow beside the icon to display the options

From the options: **Click** "Choose Virtual Background"

**Step 3:**
A Window Should Appear!
This is where you are going to upload all of your virtual backgrounds!

**Click:** "I have a Green screen"  
**Click** the "+" on the far right side of the window

**Step 4:**
Once you click "+", options will appear:

When uploading a file: you can use an image or small video!

*You can upload entire powerpoints too!
