

KEVIN PITT, PhD., CCC-SLP
OFFICE ADDRESS
357 Barkley Memorial Center
Lincoln, NE
68583
kevin.pitt@unl.edu

Education

- July 2019 Ph.D., Speech-Language-Hearing, University of Kansas, Lawrence, KS
Advisor: Jonathan Brumberg, Ph.D.
Dissertation research: *Evaluating Person-Centered Factors Associated with Brain-Computer Interface Access to a Commercial Augmentative and Alternative Communication Device*
- 2013 M.S., Communication Sciences and Disorders, Speech-Language Pathology
Missouri State University, Springfield, MO
Advisor: Alana Mantie-Kozlowski, Ph.D.
Project: *Incorporating electropalatography (EPG) feedback into a motor learning paradigm to modify lingual-palatal contact patterns.*
- 2009 B.S., Radiologic Science, University of Missouri-Columbia, Columbia, MO
- 2006 AAS., Radiologic Technology, St Louis Community College Forest Park,
St Louis, MO

Employment and Clinical Experience

- Fall 2019 Assistant Professor in Communication Sciences and Disorders
- Present Department of Special Education and Communication Disorders
University of Nebraska-Lincoln
Director: *Augmentative and Alternative Communication Translation Laboratory*
- Fall 2018 Graduate Research Assistant
Summer 2019 NIH R01 Research Grant [DC016343-01A1](#)
A Virtual Vocal Tract for Speech Output Using Non-Invasive Brain-Computer Interface.
PI: Jonathan Brumberg, Ph.D., Speech and Applied Neuroscience Lab
- Developing lab procedures for assessment of person-centered factors prior to use of a BCI-based virtual vocal tract.
- Summer 2017 Graduate Research Assistant
Biobehavioral Technology Core, U54 NIH Research Grant [1U54HD090216](#)
Using electroencephalography (EEG) to evaluate word learning treatment outcomes for individual with autism spectrum disorders.
PI: John Colombo, Ph.D., University of Kansas
Supervisor: Jonathan Brumberg, Ph.D., University of Kansas
- Helped design EEG paradigm and collect pilot data.

- Spring 2016-
Summer 2019
- Graduate Research Assistant
ASHA Foundation New Century Scholar Grant
Controlling augmentative and alternative communication devices using an electroencephalography-based brain-computer interface.
PI: Jonathan Brumberg, Ph.D., Speech and Applied Neuroscience Lab
- Completed IRB proposals, recruited participants, completed experimental procedures and helped with data analysis.
 - Developed lab procedures for assessing person-centered factors related to BCI control.
- Fall 2014-
Spring 2018
- Graduate Research Assistant
NIH R03 Research Grant DC011304
Investigating output modality for a brain-computer interface for communication.
PI: Jonathan Brumberg, Ph.D., Speech and Applied Neuroscience Lab
- Assisted in collecting, analyzing and interpreting EEG data (Brumberg, Pitt et al., 2018; Brumberg, Burnison and Pitt, 2016).
 - Assigned study duties and trained undergraduate students.
- Fall 2014-
Fall 2016
- Graduate Research Assistant
NIH R21 Research Grant DC13095-02
Prosody in Congenital and Acquired Dysarthria.
PI: Rupal Patel, Ph.D, North Eastern University
Co-PI: Jonathan Brumberg, Ph.D., Speech and Applied Neuroscience Lab
- Recruited participants and completed experimental procedures.
- 8/2013-
6/2014
- Speech-Language Pathologist: CF-SLP
Independent contractor for Innovative Therapy Solutions, and Reagan Rehab, MO
- Provided care for individuals residing in skilled nursing facilities with cognitive-linguistic impairments and dysphagia.
- 2/2013-
5/2013
- Speech-Language Pathology Graduate Student Internship
MD Anderson Cancer Center: Departments of neurological rehabilitation, and head and neck surgery. Houston, TX
- Helped assess and diagnose clients with motor speech disorders and aphasia.
 - Assisted with providing patient counseling regarding the effects of head and neck radiation treatments.
- Fall 2012-
Fall 2014
- Graduate Research Assistant
New Faculty Research Fund
Investigating electropalatography for the assessment and treatment of individuals with non-speech orofacial myofunctional disorders.
PI: Alana Mantie-Kozlowski, Ph.D., Missouri State University
- Contributed to study design, and data collection/analysis (Mantie-Kozlowski & Pitt 2013; 2014).
 - Assisted in obtaining IRB approval and internal funding for purchasing research equipment.
- 9/2009-
- Magnetic Resonance Imaging Technologist: RT(R)(MR)

- 8/2010 St. Louis University Hospital, St. Louis, MO
- Effectively communicate exam requirements to patients in a trauma one hospital.
- 10/2006- Radiologic Technologist: RT(R)
7/2007 St. Louis University Hospital, St. Louis, MO
- Performed radiographic procedures in operating room, emergency room, and intensive care unit.

Fidopiastis (Eds.), *Foundations of augmented cognition: Neuroergonomics and operational neuroscience* (pp. 14–25). Cham, Switzerland: Springer. doi: https://doi.org/10.1007/978-3-319-39955-3_2

International Research Presentations

1. Vansteensel, M., Brumberg, J., Desain, P., Fried-Oken, M., Geronimo, A., Hill, K., Huggins, J., Kosmyna, N., **Pitt, K.**, Vaughan, T. (2021). *Toward an International Consensus on User Characterization and BCI Outcomes in Settings of Daily Living*. Accepted for the 2020 BCI Society Meeting, Brussels, Belgium. Conference postponed to 2021 due to COVID-19.
2. Brumberg, J., & **Pitt, K.** (2021). *Towards a framework for BCI assessment, and multisession BCI performance using a switch-scanning augmentative and alternative communication device by individuals with ALS*. Accepted for the 2020 BCI Society Meeting, Brussels, Belgium. Conference postponed to 2021 due to COVID-19.
3. **Pitt, K.** (2020). *A Review of Factors and Display Characteristics Influencing P300 Brain-Computer Interface Performance for AAC*. Accepted for presentation at the 2020 International Society for Augmentative and Alternative Communication (ISAAC) Conference, Cancun, Mexico.

Due to Covid-19 related conference cancellation, this peer reviewed abstract was disseminated at <https://digitalcommons.unl.edu/specedfacpub/220/>

4. **Pitt, K.**, McCarthy, J., Pitt, A. (2020). *Supporting the Visual-Cognitive Sciences by Exploring the Application of Photographic Composition to Visual Scene Displays*. Accepted for presentation at the 2020 International Society for Augmentative and Alternative Communication (ISAAC) Conference, Cancun, Mexico. Due to Covid-19 related conference cancellation, this peer reviewed abstract was disseminated at <https://digitalcommons.unl.edu/specedfacpub/219/>

5. **Pitt, K.**, Burnison, J., Brumberg, J. (2016). *Brain Computer Interfaces as a New AAC Access Modality for Individuals with Advanced Paralysis*. Poster presented at the 2016 International Brain Computer Interface Meeting, Asilomar, CA.

6. Brumberg, J., Burnison, J., **Pitt, K.** (2016). *Development of a Real Time Speech Synthesizer Based Brain Computer Interface*. Poster presented at the 2016 International Brain Computer Interface Meeting, Asilomar, CA.

National Research Presentations (*indicates student co-author)

1. **Pitt, K.**, *Mansouri, A., *Zosky, J., *Smith, H., Wang, Y., & *Manly., M (2021). *Toward P300-Based Brain Computer Interface Access to Visual Scene Displays*. Oral Presentation presented at the 2021 American Speech-Language-Hearing Association convention, Washington, DC

2. **Pitt, K.**, *Mansouri, A., *Smith, H., Burnison, J., *Lucas, M., Lambert, M., & *Proud, P (2021). *Assessment Considerations and Perspectives Regarding P300-based Brain-Computer Interface Access to AAC*. Poster presented at the 2021 American Speech-Language-Hearing Association convention, Washington, DC.

3. *Plock, S., **Pitt, K.**, Sauerwein, A., & Weissling, K (2021). *Incorporating Brain-Computer Interfaces, Interprofessional Education and Preferred Teaching strategies in Interprofessional AAC Coursework*. Poster presented at the 2021 American Speech-Language-Hearing Association convention, Washington, DC.

4. Sauerwein, A., *Buckley, A., **Pitt, K.**, & Weissling, K (2021). *Preservice SLPs' and Special Education Teachers' Reflections on AAC Personnel Roles and Preparedness for Practice*. Poster presented at the 2021 American Speech-Language-Hearing Association convention, Washington, DC.

5. **Pitt, K.**, *Salley, M., *Sindt, K. & McCarthy, J (2020). *Photos for Visual Scene Displays: Input from Interviews with Visual Media Experts*. Poster presented at the 2020 American Speech-Language-Hearing Association convention, San Diego, CA. Due to Covid-19 related conference cancellation, this peer reviewed abstract was disseminated at <https://digitalcommons.unl.edu/specedfacpub/216/>

6. **Pitt, K.**, McKelvey, M., Weissling, K, & *Klein, B. (2020). *The Perceptions of AAC Professionals on Supporting the Clinical Translation of Brain-Computer Interface Technology*. Poster accepted at the 2020 American Speech-Language-Hearing Association convention, San Diego, CA. Due to Covid-19 related conference cancellation, this peer reviewed abstract was disseminated at <https://digitalcommons.unl.edu/specedfacpub/215/>

7. Brumberg, J. & Pitt, K. (2019). *Commercial Augmentative and Alternative Communication Device Control Via Brain-Computer Interface*. Poster presented at the 2019 Assistive Technology Industry Association Convention, Orlando, FL.
8. Pitt, K., & Brumberg, J. (2018). *Brain-computer interfaces for AAC: Addressing training needs for moving from bench to bedside*. Poster presented at the 2018 American Speech-Language-Hearing Association Convention, Boston, MA.
9. Pitt, K., Brumberg, J., Fager, S., & Heidrick, L. (2018). *AAC technology for individuals with severe paralysis: Current practice and future trends*. Oral presentation at the 2018 American Speech-Language-Hearing Association Convention, Boston, MA.
10. Brumberg, J., & Pitt, K. (2018). *Motor induced suppression of the N100 ERP during motor-imagery while controlling a speech synthesizer brain-computer interface*. Poster presented at the 2018 Motor Speech Conference, Savannah, GA.
11. Pitt, K., & Brumberg, J. (2017). *A Multidisciplinary Feature Matching Based Assessment Protocol for Evaluation across Varied AAC Brain-computer Interfaces*. Poster presented at the 2017 American Speech-Language-Hearing Association Convention, Los Angeles, LA.
12. Pitt, K., Zarfia, K., Brumberg, J., & Brady, N. (2017). *Clinically Translating AAC Brain-Computer Interface Training Protocols by Utilizing Single-Subject Design, and Offline Motor-Imagery Techniques*. Poster presented at the 2017 American Speech-Language-Hearing Association Convention, Los Angeles, LA.
13. Pitt, K., & Brumberg, J. (2016). *Development of a Motor Imagery Based AAC Brain Computer Interface Screening Protocol for Individuals with Advanced ALS*. Oral presentation at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.
14. Pitt, K., Brumberg J., Searl J., Kuruvilla-Dugdale M., & Burnison J. (2016). *Inter-institutional, cutting-edge ALS research across the disease course, from motor speech to AAC BCI*. Oral presentation at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.
15. Pitt, K., Brumberg, J., & Masterson., C. (2016). *Development of a clinical decision tree to assess user candidacy for AAC Brain Computer Interfaces*. Poster presented at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.
16. Brumberg, J., Pitt, K., Burnison, J. (2016). *Evaluating control of commercial AAC devices via brain-computer interface by individuals with neuromotor deficit*. Oral presentation at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.
17. Masterson, C., Pitt, K., & Brumberg, J. (2016). *Motor-Imagery by individuals with neuromotor impairment for application to AAC brain computer interface intervention*. Poster presented at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.
18. Brumberg, J., Thornson, Pitt, K., Patel, R. (2016). *Speech and non-speech motor control of prosody by individuals with amyotrophic lateral sclerosis*. Poster presented at the 2016 American Speech-Language-Hearing Association Convention, Philadelphia, PA.

19. **Pitt, K.**, Brumberg, J., Burnison, J., & Duff, J. (2015). *Comparison of CNV potentials during overt & covert hand movements for use in SMR brain computer interfaces for communication*. Poster presented at the 2015 American Speech-Language-Hearing Association Convention, Denver, CO.
20. DeMoss, K., **Pitt, K.**, Mantie-Kozlowski, A. (2015). *SLPs' Perspectives of Working Relationships with Radiologists Who Perform VFSS*. Poster presented at the 2015 American Speech-Language-Hearing Association Convention, Denver, CO.
21. **Pitt, K.** & Mantie- Kozlowski, A. (2014). *Investigating EPG for Treatment of Atypical Lingual-Palatal Timing and Contact Patterns*. Poster presented at the 2014 American Speech-Language-Hearing Association Convention, Orlando, FL.
22. Mantie- Kozlowski, A. & **Pitt, K.** (2014). *Modifying Resting Tongue Posture Using EPG & Principles of Motor Learning: An ABAB Case Study*. Poster presented at the 2014 American Speech-Language-Hearing Association Convention, Orlando, FL.
23. Mantie-Kozlowski, A. & **Pitt, K.** (2013). *Jaw Restricted Tongue Strength Measures in Participants Ages 8, 15, and 21 years*. Poster presented at the 2013 2014 American Speech-Language-Hearing Association convention, Chicago, IL.
24. Bakker, K. **Pitt, K.** & Shirly, D. (2013). *Estimating Impact between the Vocal Folds from an Acoustic Signal*. Poster presented at the 2014 American Speech-Language-Hearing Association convention, Chicago, IL.
25. **Pitt, K.** & Mantie- Kozlowski, A. (2013). *Describing Lingual-Palatal Contact Patterns During Swallowing Using EPG*. Poster presented at the ASHA convention, Chicago, IL.

Invited Presentations

1. **Pitt, K.** (2020). *Barriers and solutions for translating brain-computer interfaces for AAC from research into practice*. Invited Oral presentation accepted at the 2020 American Speech-Language-Hearing Association convention, San Diego, CA. Conference cancelled due to COVID-19.
2. **Pitt, K.** (2020). *Non-invasive brain-computer interfaces for augmentative and alternative communication*. Oral presentation to be given at the Computer Science and Engineering Department Seminar, the University of Nebraska-Lincoln, February 18th, 2020.
3. **Pitt, K.** (2019). *A new technology for AAC: An overview of brain-computer interfaces*. Oral presentation given at the 2019 Nebraska Speech-Language Hearing Association Convention, Omaha, NE. October 4th, 2019.
4. **Pitt, K.** (2019). *An Introduction to Non-Invasive Brain-Computer Interface Techniques for AAC*. Webinar presentation for the United States Society for AAC (USSAAC). March 27th, 2019.
5. *Assistive Technology Outcomes and Benefits-Live! The Role of Research in Influencing Assistive Technology Products*. Panel Presentation at the Assistive Technology Industry Association Convention, Orlando, FL. February 1st, 2019.

Local and State Research Presentations (* indicates student co-author)

1. **Pitt, K.**, *Salley, M., McCarthy, J., & *Sindt, K. (2020; September). *Considering the Perspectives of Visual Media Experts on Visual Scene Display Composition for AAC*. Poster presented at the Nebraska Speech-Language Hearing Association Conference, Lincoln, NE.
2. **Pitt, K.** (2020). Computer Science and Engineering Seminar Series. *Brain-Computer Interfaces for Communication*. Oral presentation given at The University of Nebraska-Lincoln, Lincoln, NE.
3. Johnston, R., **Pitt, K.**, Walker, C., & Brumberg, J. (2017). *Current and future AAC considerations for individuals with severe impairments*. Oral presentation at the 2017 Kansas Speech-Hearing Association Convention, Kansas City, KS.
4. **Pitt, K.**, Mitchell, E & Kleinsasser, S. (2014). Individual contribution: *Considering private practice, or a PhD? Oral presentation entitled: The Graduation Party is Over. What Now?* Presented at the Missouri Speech-Hearing Association Convention, Osage Beach, MO.
5. **Pitt, K.** (2013). *The Thalamus: Effects on Speech, Language, and Cognition*. Oral presentation given to the staff at the University of Texas MD Anderson Cancer Center, Houston, TX.

Honors and Awards

2021	Accepted for participation in ASHA Lessons for Success Mentorship Program
2020-2021	Accepted for participation in ASHA Pathways Research Mentorship Program
2020-2021	Accepted for participation in the Scholarly Enhancement Program, College of Education and Human Sciences, University of Nebraska-Lincoln
2020-2021	Accepted for participation in NSF Career Club, College of Education and Human Sciences, University of Nebraska-Lincoln
2018	Special Interest Group 19 (Speech Science) recognition for innovation and excellence for poster presentation entitled " <i>Brain-computer interfaces for AAC: Addressing training needs for moving from bench to bedside.</i> "
2018	Graduate Student and Post-Doctoral Travel Fund \$1000 award, College of Research Excellence, University of Kansas
2018	Summer Research Scholarship \$5000 award, University of Kansas
2017	Friends of the Life Span Institute Graduate Research Assistant Award \$2500 award, University of Kansas
2017	Graduate Scholarly Presentation Travel Fund \$500 award, University of Kansas

- 2016 ASHA Student Research Travel Award
\$500 award: "Inter-Institutional, Cutting Edge ALS Research across the Disease Course, From Motor Speech to AAC BCI", was the highest-rated student lead presentation in its convention topic area.
- 2016 ASHA Meritorious Research Poster Award
Speech & Nonspeech Motor Control of Prosody by Individuals with Congenital & Acquired Dysarthria
- 2016 Margaret C. Byrne Sarricks PhD Graduate Research Award
\$100 award, University of Kansas Department of Speech-Language Hearing
- 2013 Laura Beth Windham Award for Clinical Performance in Speech-Language Pathology
Missouri State University
- 2013 ASHA Foundation Graduate Student Scholarship
\$5,000 award
- 2012 Missouri Speech-Language-Hearing Association: Outstanding Student Nominee
Missouri State University
- 2006 Outstanding Clinical Achievement Award for Radiology
St. Louis Community College Forest Park Department of Radiologic Technology

Research Grants In Prep

NIH-NIDCD Early Career Research R21 Pitt (PI)
Evaluating the Profiles and Perspectives of those with Neuromotor Disorders during BCI-AAC Learning
Planned submission: February 2022.

Research Grants Completed

Richard W Woodcock Dissertation Research Award Pitt (PI) 12/03/18-07/31/19
Evaluating Person-centered Factors Associated with Brain-computer Interface Access to a Commercial Augmentative and Alternative Communication Device. (Award total: \$5000).

Research Grants Under Review

NSF Faculty Early Career Development Program Pitt (PI) 7/2021
CAREER: Applying Human-Technology Interfaces to Support Communication for Children. (Award total: \$559,992).

Research Grants Current

The Center for Transformative Teaching incubation Award Pitt (PI) 07/20–05/22

Evaluating Special Education Teachers and Speech-Language Pathologists Preservice Education and Attitudes Toward Augmentative and Alternative Communication in Nebraska. (Award total: \$990)

Layman Award, Office of Research & Economic Development Research Council Pitt (PI). 8/20–12/22
Toward P300-based brain-computer interface access for those with severe physical impairments. (Award total: \$9,957.80).

Research Grants not funded

NIH Director's Early Independence Awards (RFA-RM-19-008) Pitt (PI) 08/20
Evaluating the Learning Trajectories, Profiles, and Perspectives of Individuals with Neuromotor Disorders during Learning of a P300-based Brain-Computer Interface. (Award total: \$1,880,916).
Score: 39

ASHFoundation Pitt (PI) 12/20
Putting the P300 Event-related Potential into Context: Evaluating P300-based BCI Signals in an AAC-style Contextual Scene Paradigm. (Award total: \$10,000).

College of Education and Human Sciences Technology Grant Weissling (PI) & Pitt (co-i)
NVIVO Access for Supporting Qualitative Research. (Award total: \$7,370).

National, Professional, and Discipline Related Services

2021	Disability and Rehabilitation: Assistive Technology Journal Reviewer
2021	Augmentative and Alternative Communication Journal Reviewer
2020	American Journal of Speech-Language Pathology Reviewer
2020	Physical Medicine and Rehabilitation Journal Reviewer
2019	Assistive Technology Journal Reviewer
2019	Journal of Neuroscience Methods Reviewer
2016, 2019, 2021	ASHA Convention Research Proposal Reviewer, Augmentative and Alternative Communication
2016, 2017	ASHA Convention Research Proposal Reviewer, Motor Speech
Fall 2016- Spring 2017	Speech-Language-Hearing Intercampus Executive Committee Meetings University of Kansas Graduate Student Representative
2013-2017	Speech-Language-Hearing Graduate Student Organization University of Kansas Board Member (Fall 2016 - Spring 2017) General Member (Fall 2013 - Spring 2016)
Spring 2016	Brain Discovery Fair University of Kansas Medical Center Station Co-leader
Spring 2015	Volunteer

SECD Department and University Service

Fall 2019- Spring 2021	Member, SECD Research Committee
Fall 2021- Present	Member, SECD Governance Committee of Graduate Studies
Fall 2021- Present	Member, Faculty Senate Committee, University of Nebraska-Lincoln

State Level Service

Fall 2021- Present	Member, Olmstead in Nebraska work group whose vision is to support people with disabilities in living, learning, working, and enjoying life in the most integrated setting.

Teaching Experience

2019-Present	SLPA 455: Anatomy and Physiology of Speech-Hearing <i>Primary Instructor, University of Nebraska-Lincoln, 4 credit hours</i> <ul style="list-style-type: none">• Undergraduate student instructor.• This course provides a basic understanding of voice, speech production, hearing and swallowing mechanisms
2019-Present	SLPA 486/886: Augmentative and Alternative Communication (AAC) <i>Co-Instructor, University of Nebraska-Lincoln, 3 credit hours</i> <ul style="list-style-type: none">• Undergraduate and Graduate student co-instructor.• This course provides an introduction to AAC options, and interventions for speech-language pathologists and special educators
Spring 2020	SLPA 968: Motor Speech Disorders <i>Co-Instructor, University of Nebraska-Lincoln, 2 credit hours</i> <ul style="list-style-type: none">• Graduate student co-instructor.• This course provides an introduction to neurotypical and impaired neurological systems and associated impacts on speech production.
Spring 2020	Guest Lecturer on BCI-AAC for BSEN 812: Rehabilitation Engineering <i>Instructor: Dr. Rebecca Wachs, University of Nebraska-Lincoln</i>
Fall 2019	Guest Lecturer on BCI-AAC for CDIS 840P: Augmentative and Alternative Communication <i>Instructor: Dr. Michelle McKelvey, University of Nebraska-Kearney</i>
Fall 2017- Fall 2018	SPLH 462: Speech Science, University of Kansas <i>Graduate Teaching Assistant for Jonathan Brumberg, Ph.D.</i> <ul style="list-style-type: none">• Co-direct two biophysiological recording lab sections.• Assisted with the creation of examination materials.

- Spring 2015-
Fall 2017 SPLH 570: Intro to Speech-Language Pathology, University of Kansas
Graduate Teaching Assistant for Julie Gatts & Lynn Murphy
- Provided guidance during completion of case-based assignments to support development of student's clinical problem-solving skills.
 - Managed Blackboard site and graded projects.
- Fall 2013-
Spring 2015 SPLH 120: Physics of Speech, University of Kansas
Graduate Teaching Assistant for Kostas Kokkinakis, Ph.D.
- Independently taught three lab lectures per week.
 - Graded assignments and quizzes.
- Fall 2014 SPLH 660: Introduction to Research, University of Kansas
Graduate Teaching Assistant for Nancy Brady, Ph.D.
- Oversaw students during performance of in class research activities.
 - Performed statistical analysis on class project data.
- Summer 2014 CSD 713: Child Language II, Missouri State University
Graduate Teaching Assistant for Julie Masterson, Ph.D.
- Graded projects and provided feedback to students in the master's degree program.
- Spring 2014 CSD 210: Phonetics, Missouri State University
Primary Instructor, 3 credit hours.
- Undergraduate student instructor.
 - Managed, and assigned tasks to the teaching assistant.

Research Mentorship Experience (University of Nebraska-Lincoln)

Masters Thesis Committee Member

- 2021 Quianna Javernick, Masters student in Communication Sciences and Disorders
2020-2021 Payton Proud, Masters student in Communication Sciences and Disorders
2020 Alyssa Mollina, Masters student in Communication Sciences and Disorders

Research Assistants (Doctoral; PhD and AuD)

- 07/2021-Present Zachary Cole, Doctoral Student in Neuroscience and Behavior
08/2021-Present Austin Spoor, Doctoral Student in Audiology
09/2020-Present Joshua Zosky, Doctoral Student in Psychology
08/2020-Present Amirsalar Mansouri, Doctoral Candidate in Electrical Engineering
08/2020-07/2021 Hannah Smith, Doctoral Student in Audiology

Research Assistants (Masters)

- 08/2021-Present Kylie Weckerth, Masters student in Communication Sciences and Disorders
01/2021-Present Sarah Plock, Masters student in Communication Sciences and Disorders
09/2019-07/2020 Meghan Salley, Masters student in Communication Sciences and Disorders
10/2019-08/2020 Margaret Schmidt, Masters student in Communication Sciences and Disorders

Research Assistants (Undergraduate)

01/2021-12/2021	Megan Manly, Undergraduate Student in Communication Sciences and Disorders
