

ClassVR Headset Setup and User Guide

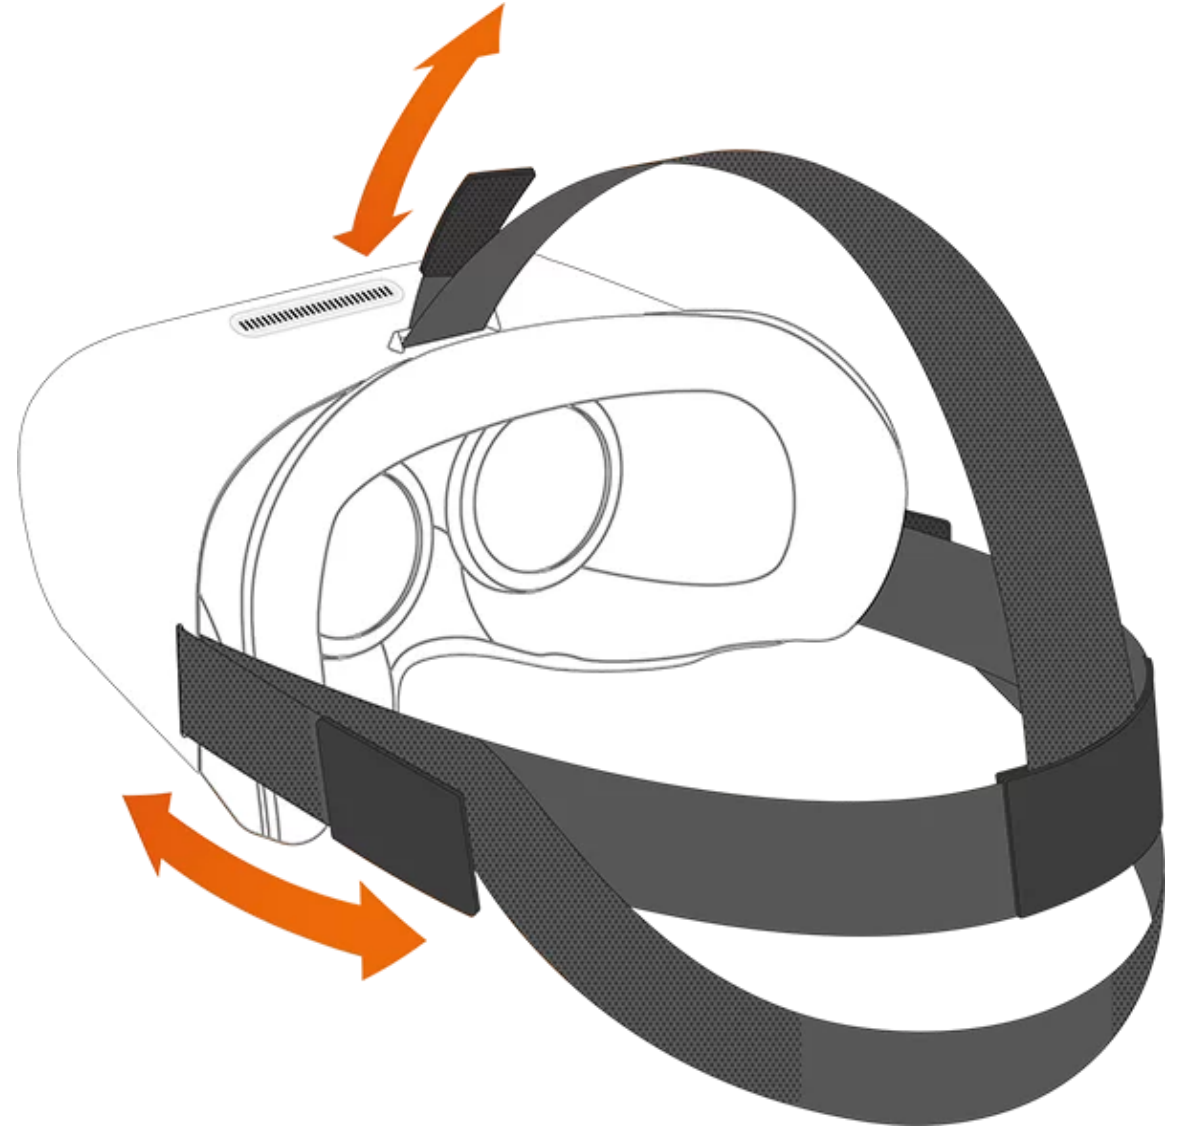

The ClassVR Headset At First Glance

How to Adjust the Head Strap

- Pull the straps, then use the hook and loop fastenings to tighten the straps. Do this until the headset fits comfortably on your head.

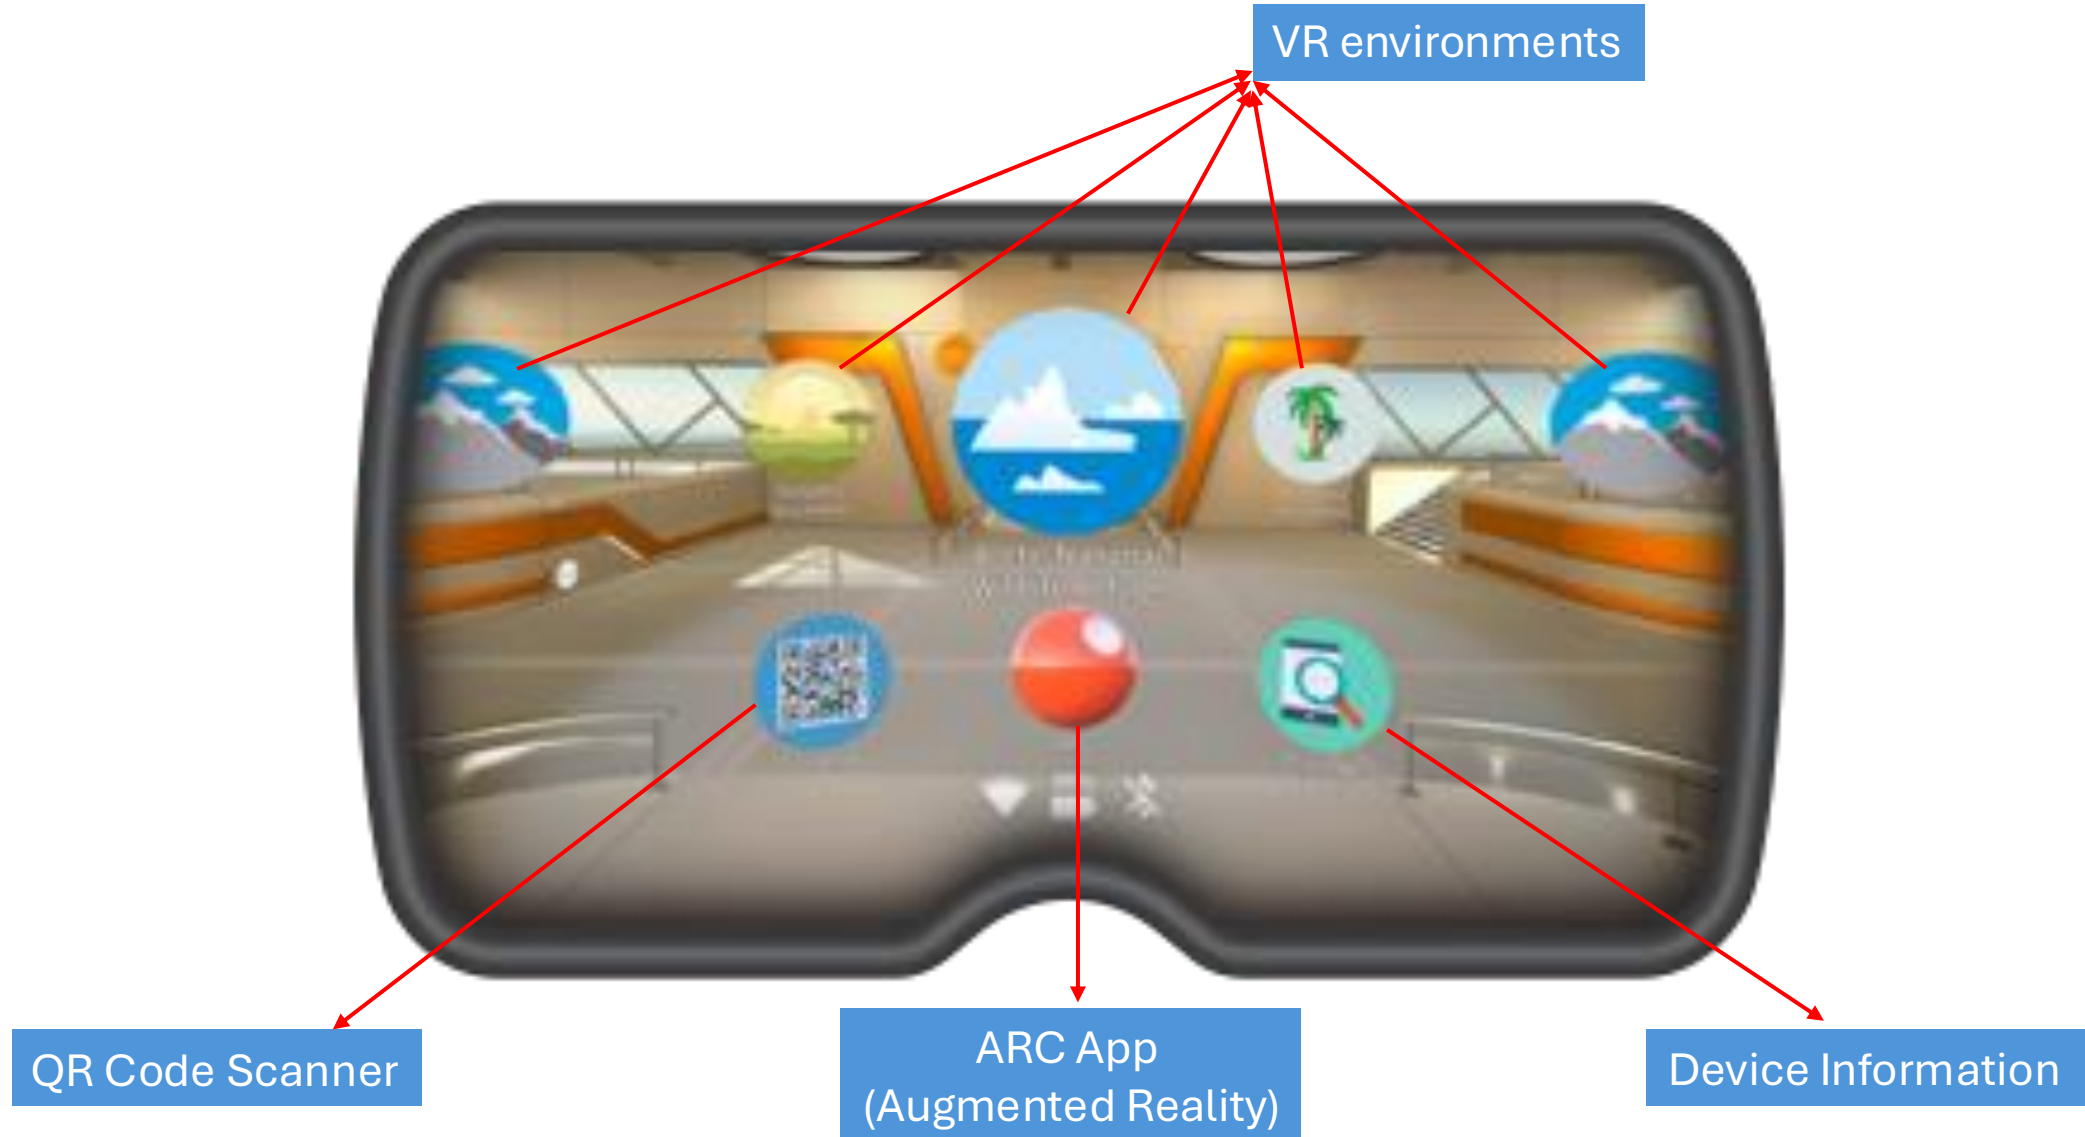

Turning Your Headset On

- Press and hold the power button on the **bottom left** of the headset for five seconds.
- You will see the ClassVR logo appear followed by the menu screen.
- Remember that the screen will turn off when the headset is not in use. So,
Simply place the headset on your face to activate the sensor and the screen will turn on again.

Understanding the Home Screen

When you put on the headset, you'll see several things:

Choosing Between Options

- Look directly at the option you want (move your head, not the headset with your hands).
- A small **cursor dot** or highlight will appear when you're aiming at an icon.
- **Hold your gaze** on the icon, then press the **Select Button** (green button) on the side of the headset.
- The option will open, and your chosen experience will begin.

Moving Between Experiences

- To **exit** an experience, press the **back button** (Orange button) twice.
- Return to the **Home Screen** and select a new activity.

Ending Your Session

- When you're done, press and hold the **Power Button** until the **Power Off** option appears on the screen.
- Select Power Off.
- Loosen the straps before removing the headset.
- **Clean the lenses** gently using **lens wipes** (avoid harsh cloths or paper towels).
