COLLEGE OF EDUCATION AND HUMAN SCIENCES

Our Values

- Working together to positively impact the lives of individuals, families, schools, and communities
- Respect for all people, ideas, voices, and perspectives
- Multidisciplinary approaches to scholarship that integrate teaching and learning, research, scholarship, and creative activity, outreach, and service
- Innovation, creativity, and curiosity as we address the complex issues facing individuals, families, schools, and communities
- Emphasizing the creation of new knowledge and its application to human and community needs thereby combining the strengths of a research and a land-grant university
- Partnering with people in the community to support the mission and vision of the College of Education and Human Sciences
- Excellence in all aspects of the life of the College
